

Reach University is an accredited, nonprofit university offering *bachelor's degrees* for school employees.

Do you think that college won't fit your current lifestyle? Reach's Apprenticeship Degree undergraduate program is built for working adults! Candidates earn college credit while working at a partner K-12 district. Zoom seminars are scheduled after work hours.

Do you think you can't afford to go to college? After grants and scholarships, the expected out-of-pocket contribution for full-time undergraduate candidates is \$75 per month throughout the degree experience – with zero student loan debt.

Reach University can make your dream of earning a degree possible!
